Pixlip GO
100x250 cm

Do not resize the artboard size. It is critical to our preflight process.
Make sure the document color mode is set to CMYK and use CMYK-profile Fogra 39.
Make your design in the Artwork layer. Be sure to cover the entire surface of the document with colored backgrounds and/or images with bleed.

Graphics	Use vector graphics to get a sharp result.
Colors	Preferably use Pantone Solid Coated otherwise use CMYK values.
Images	Effective resolution of at least 80 ppi, saved with CMYK-profile.
Text	Convert text to paths i.e. create outlines.

When you are happy with the design, save the document as a print-ready PDF.
See the document **How to create a print-ready PDF** (Skapa printfärdig PDF).

— Safety area, in this area the product's finishing will not interfere with the graphics.
— Final product, graphics in this area will appear on the final product.
