Pixlip GO XL
200x200 cm

Do not resize the artboard size. It is critical to our preflight process.
Make sure the document color mode is set to CMYK and use CMYK-profile Fogra 39.
Make your design in the Artwork layer. Be sure to cover the entire surface of the document with colored backgrounds and/or images with bleed.

Graphics	Use vector graphics to get a sharp result.
Colors	Preferably use Pantone Solid Coated otherwise use CMYK values.
Images	Effective resolution of at least 80 ppi, saved with CMYK-profile.
Text	Convert text to paths i.e. create outlines.

When you are happy with the design, save the document as a print-ready PDF.
See the document **How to create a print-ready PDF** (Skapa printfärdig PDF).

— Safety area, in this area the product's finishing will not interfere with the graphics.
— Final product, graphics in this area will appear on the final product.
